NATAL
EM SANTA
MARIA
DA FEIRA

AGENDA 22 NOV » 06 JAN

Christmas in Santa Maria da Feira

Santa Maria da Feira is preparing to live one of the most special seasons of the year: Christmas. This is the moment when we most profoundly renew our values of solidarity, generosity, sharing and unity. Pillars that strengthen our community spirit and unite us as a municipality.

With a programme of initiatives that will take place between 22 November and 6 January, which we outline on the following pages, we will celebrate what defines us as a territory: our identity, our traditions and, above all, the human warmth that makes Santa Maria da Feira a unique land.

Perlim is one of the anchor events that annually attracts thousands of visitors from across the country and from neighbouring Spain to our city. In this edition, and because we need it today more than ever, our Christmas Theme Park transports us to a world of dreams and magic, where peace, harmony and hope for a better future reign, without wars and selfishness. There is also a new feature: the magical Parade. Every Saturday and Sunday, late in the morning, the inhabitants of Perlim, alongside Santa Claus, will surprise visitors through the city streets.

The Christmas Market, in the heart of the city, invites you to celebrate the spirit of this season in a genuine and welcoming way. I know that for many, myself included, it will be a trip to our childhood, to the happy memories of Christmas songs, of the smells and aromas so characteristic of this season. It will also be the perfect place to find unique and different gifts to pamper those who are dear to us.

It is during this festive season that we will be "giving back" the Municipal Market to the community.

We return it with its original design, respecting our this architectural "jewel" of ours, with the signature of the architect Fernando Távora, but with a renewed attractiveness. There we will launch our cycle of fairs with the resumption of a tradition that is very dear to our hearts: the Honey Market!

This agenda brings together more than 30 initiatives whose stage will be our cultural and religious heritage, as well as our municipal facilities and various local public spaces. From music to art, including gastronomy and religious traditions, each initiative reflects the wealth of our people and the dedication of everyone working to make this Christmas in Santa Maria da Feira a moment of true communion.

I invite those who visit us, but also those who live here, to feel the magic of this season in Santa Maria da Feira. As always and at all times of the year, we will greet you with open arms. Because this is Christmas we are talking about, our hug will be even more welcoming.

Welcome! A Holy and Merry Christmas to all.

GUIDED TOURS OF THE MUSEUM'S PERMANENT EXHIBITION

Given the way in which the collection was assembled by the historic cork producer Henrique Amorim (1902-1977), this space is undoubtedly a unique example of collecting and museology in Portugal during the Estado Novo (1926-1974).

Throughout its entirety, this museum preserves and exhibits multiple collections and hundreds, if not thousands, of pieces of Portuguese sacred art, statuary, ethnography and objects from the natural sciences.

Some machinery and sculptures made of cork are also on display, which is why it has earned the disconcerting nickname of the Cork Museum.

LIVE RESTORATION AT THE MUSEUM

The Lamas Museum seeks to diversify its activities, offering learning opportunities in the context of the visit.

The “Live Restoration” (APOM Award 2022) aims to instill in the visiting public a greater awareness of all the steps and demands that the specialized preservation of a collection of this kind requires.

This initiative shows the reality behind each piece and the laborious task of the conservator restorer who, in an educational and appealing way, clarifies questions, lists and visually presents the resolutions or problems of the collection under intervention.

CHRISTMAS LIGHTING

This Christmas, Santa Maria da Feira is preparing for a unique and enchanting celebration that will delight and inspire all our visitors.

With the majestic Castle as a backdrop, the city will be transformed into a true Christmas tale.

We present with great enthusiasm our Christmas lights, whose central theme is Freedom.

In the heart of the historic centre and the Christmas festivities of Santa Maria da Feira, we invite you to visit the majestic Christmas Tree, inspired by the magic of the Castle and Christmas.

Light installations will surprise visitors, providing them with unforgettable photographic moments to later remember the magic they experienced in Santa Maria da Feira.

CHRISTMAS WORKSHOPS CYCLE 2024 - BOARD GAMES

Our aim is to stimulate dialogue and reflection with young people, organizations, decision-makers, experts and other civil society actors on the importance of soft skills for the employability and active participation of young people. The work methodology involves exploring modern board games for serious purposes, to specifically develop six personal skills selected by the participants: communication, cooperation, negotiation, creativity, resource management and strategic thinking. In this context, the project objectives were defined as:

- 1 – To explore and systematize modern board games for serious purposes as a tool for developing soft skills.
- 2 – To develop personal skills among young participants in order to improve their employability and capacity for social participation.
- 3 – To promote public discussion on the importance of personal skills in youth education.
